CAPABILITY STATEMENT

Nouvos Solutions LLC

NODE by Nouvos · Accessible websites and web applications for public and nonprofit buyers

Erich Betancourt, CEO
erich@nouvos.one · 224-640-1785
909 Davis Street, Suite 500
Evanston, IL 60201
nodedev.one

Nouvos Solutions is a small, minority-owned web studio in Evanston, Illinois. We design, build, migrate and maintain public-facing websites and web applications, with Section 508 and WCAG accessibility built in from the first commit instead of retrofitted. The owner leads every project; vetted specialists join when the scope calls for them.

COMPANY DATA

UEI
D2WRAJAE2AR3

541613	Marketing consulting

PSC

DA01	IT and telecom: business application and application development support services

CORE COMPETENCIES

Website design and rebuilds
Redesigns, platform migrations and content moves for WordPress, Next.js/React and headless CMS sites.

Web applications
Custom portals, forms and scheduling tools with role-based access, built and run on our own stack.

E-commerce
Shopify and custom storefronts, product catalogs and checkout integration.

Accessibility and Section 508
WCAG 2.1 AA remediation and accessible builds: keyboard focus, contrast, semantic markup, reduced motion.

Hosting and care plans
Managed hosting, updates, security patching, backups and content edits on a monthly plan.

Search visibility
Technical SEO, structured data and content structure so residents and customers find the right page.

PAST PERFORMANCE

COnovate, Inc. — 2026
Rebuilt a hard-to-maintain WordPress/Elementor site. Kept the brand, migrated a 65-post news archive, fixed contrast failures and delivered a staff editing guide.

World Enterprise Complete Logistics (WECL) — 2026
Editorial website with service, industry, insights and team pages, moved off Wix. Shipped with keyboard focus states, reduced-motion support and semantic markup.

W.A.R. / We All Related — 2026
Brand website for a Detroit apparel company.

Zanapronto (Nouvos product) — 2026
Scheduling and forms platform we build and operate, with separate doctor and patient journeys.

DIFFERENTIATORS

- **Owner-led delivery.** The CEO is the project lead and your single point of contact on every engagement.
- **Accessibility from day one.** Section 508 and WCAG checks are part of the build, not an audit at the end.
- **Vetted local specialists.** Photo, video and other specialties go to known Illinois and Wisconsin subcontractors, never freelance marketplaces.
- **Clear ownership.** The client owns its site, content and data, with free export. Tools Nouvos built before the project stay ours, with a permanent, royalty-free license for the client to use them.

TECHNOLOGY

WordPress · Next.js · React · Astro · TypeScript · Node.js · Headless CMS · Shopify · PostgreSQL · Stripe · Vercel · React Native · Python · Three.js · Unity

NIGP COMMODITY CODES
